

Environmental Policy

OPSTAR is committed to protecting the environment and the preservation of the natural and manmade environment within which we operate. The geographical scope of OPSTAR's services is 30 nautical miles from HMAS Albatross, or as mutually agreed.

Our purpose is to provide Search and Rescue services and Emergency Response support to Government Industries.

Our environmental policy objective is to minimise the adverse impact on the environment as a result of our business operations.

To achieve this objective we will:

- Establish and maintain an Environmental Management System in accordance with AS/NZS ISO 14001:2015.
- Comply with contract conditions, relevant legislation and other criteria to which the company subscribes.
- Regularly review business operations, identify and implement opportunities for improvement.
- Educate our workforce on key environmental issues, management controls and associated responsibilities.
- Establish defined environmental objectives and targets to measure our performance and identify opportunities for continual improvement.
- Strive to prevent pollution, reduce waste and commit to recovery and recycling where practicable.

The Managing Director of OPSTAR accepts ultimate responsibility for the management of the company's environmental responsibilities and for meeting all environmental legal requirements imposed on it by ensuring that the environment is an integral part of OPSTAR business processes and activities.

John Giffard
Managing Director
